Nazi standing in Kilkenny local election

MICHAEL MCGRATH claims that he is standing in the local elections as an 'independent' candidate.

But he has been an active Nazi for a long time.

■ He is member of a tiny, fringe Nazi group, the National Socialist Party. He tried to register this party in 1990.

■ His organisation was affiliated to another extreme Nazi group, the National Socialist Irish Workers Party. Members of this group were responsible for attacks on Jewish shops in Dublin.

McGrath has also claimed that Ireland has a 'Jewish problem'.

In the 1930s, Hitler's thugs used this type of language to justify a Holocaust where 12 million people died.

McGrath tries to peddle racist filth by denouncing "mixed marriages" of black and white people. This makes him worse than the former apartheid regime in South Africa.

McGrath is trying to hide his true politics at the moment. He knows that people detest fascists. This is why he concentrates on purely local issues.

People should not be fooled by McGrath. If he wins a seat, he will use his position to revive Nazi organisation in Ireland.

That is why the Anti Nazi League appeals to the people of Kilkenny to turn their back on this candidate.

NEVER GAIN ! DON'T VOTE FOR A NAZI.
